DAHLIAS GLADIOLI

1928

RALPH BENJAMIN
CALVERTON, LONG ISLAND
NEW YORK

PLEASE READ BEFORE ORDERING

In issuing this catalogue we feel confident that it contains as fine a collection of dahlias as anyone could wish for. Our aim is to include only the best varieties, and any that do not possess those good qualities that make them desirable are discarded.

Prices quoted are for divided, field-grown roots only.

We never substitute unless requested to do so in the order, but would suggest naming a few varieties as second choice.

Dahlia roots will be sent prepaid by mail or express.

All dahlia orders are shipped after May 1st, unless otherwise ordered, gladiolus bulbs after April 1st.

Remittances should be made by bank draft, money order, or registered letter. Orders up to one dollar may be made in stamps.

We guarantee all roots to be healthy and true to name. Having no control over them after delivery, we do not guarantee them to live and thrive. Any unsatisfactory bulbs must be returned within ten days from date of shipment.

If you are unacquainted with the different types and varieties of dahlias, we would suggest that you leave the selection to us. Send the amount of money you wish to invest, and in return we will send you a collection that will surely please. Please state colors preferred.

We grow many varieties in too small quantities to catalogue. If there is some Dahlia or Gladioli that you want and do not see it catalogued include it in your order and we may have it.

Visitors are always cordially welcome. We work hard 6 days in the week and want to rest Sunday.

Thanking you for past favors and trusting we can please you in the future, I am,

Yours respectfully,

RALPH BENJAMIN.
